

19th Century Changes Brochures

The mid 1800s saw a number of reform movements and inventions in the United States that completely transformed the American culture. For this project, you are to become an expert on one of these developments, which range from education to labor unions. Individuals are to do research the main aspects of a specific area, both on the national level as well as in Indiana specifically, in order to create an informative brochure that will be used to educate others about the transformative movement.

The following Rubric will be used to evaluate finished Brochures.

Title	A bright and colorful title slide where the name of the movement is displayed along with an appropriate picture (drawn or printed) as well as the student's name	1 2 3 4 5
Prior Conditions	This plane of the brochure provides information on what the conditions were like in America before the changes that are being covered took place. Plane should be neat, colorful and include pictures.	1 2 3 4 5
National Leaders and their Accomplishments	Each of these movements had major figures that impacted the entire nation with their endeavors. This plane should list influential figures and describe their achievements. Plane should be neat, colorful and include pictures.	1 2 3 4 5
Indiana Connections	While all of there were many national changes, Hoosiers were also active in instituting changes on a local level. Make sure to include a plane dedicated to their endeavors, highlighting key individuals and their accomplishments.	1 2 3 4 5
Immediate Effects	Address the immediate results of the actions of individuals and groups that you researched and relate what effect their work had on the nation. Plane should be neat and colorful	1 2 3 4 5
Long Term Effects	Hypothesize how the U.S. would be different today without the movement you researched. Plane should be neat and colorful	1 2 3 4 5
