

Describe the three regions of the 13 colonies. What did they do for a living? (crops and TYPE of crops or jobs did they do?) How was this influenced by climate and geography?

Things to include for 13 Colonies essay

- **New England: Cool, short growing season, poor soil, fishing, shipbuilding, timber**
- **Middle: Like here, good soil, average growing season, staple crops, oats, wheat, barley**
- **Southern: Warm, great soil, long growing season, cash crops, tobacco, rice, indigo.**

Shays/Whiskey

- Pennsylvania farmers revolted in what became known as the Whiskey Rebellion. How was this rebellion **different** from Shays' Rebellion that took place during the Articles of Confederation?

Shays Essay

Does it include:

- 1. Part of the question**
- 2. Cap and punctuation**
- 3. Shays and how the state govt had to deal with it WITHOUT federal support because of the Articles lack of power to the central government?**
- 4. Whiskey was under the Constitution that allowed the US govt to enforce laws**
- 5. The President enforces laws and he, himself lead the militia to stop the rebellion.**
- 6. Conclusion to your statement: Strengthened the fed govt**
